Judge – Any individual who is actively judging competitions

Trainee Judge – Applies to first year judges only

Member:

Volunteer – An individual with or without club affiliation who supports gymnastics. Persons usually falling into this category include members of the Executive/Board of Directors of clubs, as well as individual parents who help the club with its activities; i.e. – driving, helping set up equipment, concessions, committees, etc.

Notes:

Zone Fees

Once integrated with GBC members should expect to pay an additional zone fee ranging from \$1 - \$10 depending on category and the activity within the zone.

Registering in multiple categories

Individuals can register in more than one category.

An athlete may register as a competitive gymnast, a coach in training and a judge. The athlete would pay the higher fee, which would cover all three registrations. This enables us to calculate the total number of individuals involved as coaches, judges, volunteers etc.

Individuals active in two areas (or more) are encouraged to register under both categories so they can receive information and funding assistance for both categories.

Changing a Registration

The BCRSGF office must be notified in writing if a member changes his/her registration during the period of September 1st – June 30th. Notification is not required between July 1st and August 31st. Upgrading a recreational athlete to competitive must be made at least 21 days prior to competition.

Penalties

The penalty for competing when not registered as a ‘competitive’ member is \$100 per athlete (fined to the club) plus the cost of the upgrade to competitive. This regulation will be monitored and enforced.
