Registering in multiple categories

Individuals can register in more than one category.

An athlete may register as a competitive gymnast, a coach in training and a judge. The athlete would pay the higher fee, which would cover all three registrations. This enables us to calculate the total number of individuals involved as coaches, judges, volunteers etc.

Individuals active in two areas (or more) are encouraged to register under both categories so they can receive information and funding assistance for both categories.

Penalties

The penalty for competing when not registered as a 'competitive' member is \$100 per athlete (fined to the club) plus the cost of the upgrade to competitive. This regulation will be monitored and enforced.
